DISCUSSION / FISCAL IMPACT / STRATEGIC FOCUS:

The Sheriff is the Director of Emergency Operations (Director) for Madera County and oversees the Office of Emergency Services (OES). As the Director, the Sheriff assures that all Board designated emergencies are managed using standards established under the Incident Command System. Currently, Sworn staff are assisting the Sheriff in the many tasks associated with the programs and activities relating to OES.

After a determination by the Sheriff that there was a need for an extra help position to assist Sworn staff at OES, the Department of Human Resources developed the extra help classification of Emergency Services Technician. The incumbent will work closely with the Sheriff and staff at OES to assist with emergency preparedness activities, compiling statistical information, and recovering activities following a disaster.

The Emergency Services Technician class specification is attached for your review and consideration. A pay review for similar positions in the labor market was conducted and it was determined to set the hourly rate for the Emergency Services Technician at \$21.00 per hour. The Salary and Fringe Benefits Schedule Resolution has been amended to include the Emergency Services Technician classification's salary in the Unclassified Service Salary Schedule.

FISCAL IMPACT:

The fiscal impacts associated with the recommended actions have been addressed by County Administration.
